Armed Guard Application Collection Scope

Every document, statement and data field we collect for a sponsored NYPD Carry Guard application — and what we prepare on the applicant’s behalf.
Please confirm nothing is missing.

Applicant Chery Gimps **Sponsor** ISS Action, Inc. • Pamela Newman **Track** NYPD Carry Guard **Prepared** 21 August 2026

HOW TO READ THIS

Who supplies it — the person or party who must produce the item.

NOTARISED a notary must witness it.

WE DRAFT IT we prepare the document; the applicant reviews and signs.

CONDITIONAL only fires on a specific answer.

Requirements are generated from his intake answers, so a conditional row only appears if it genuinely applies to him. Codes are the system’s own identifiers — quote one back to us and we will know exactly which item you mean.

What differs from a standard concealed carry file. Carry Guard takes **two** character references, not four. It does **not** require the 16-hour DCJS course plus 2-hour live fire — the 47-hour firearms course is the firearms training for this track. It does **not** require the three-year social media list. If you believe any of those three is wrong, that is the single most valuable correction you can give us.

1 • IDENTITY, RESIDENCE AND RECORD — FROM CHERY

CODE	WHAT WE COLLECT	WHO SUPPLIES	NOTES
IDN-01	A clear photo of his driver's licence, state ID, or passport A government-issued photo ID. One passport upload also answers IDN-02 and IDN-03.	Chery	
IDN-02	Proof of date of birth Birth certificate or passport.	Chery	
IDN-03	Proof of citizenship or lawful permanent residence Passport, naturalisation certificate, or permanent resident card.	Chery	
IDN-04	A square photo taken in the last 30 days Passport-style, checked against the NYPD portal spec on upload.	Chery	

CODE	WHAT WE COLLECT	WHO SUPPLIES	NOTES
RES-01	Proof he lives at his NYC address Utility bill, lease, or equivalent showing full name and current address. Cell phone bills are not accepted.	Chery	
DMV-01	Lifetime driving record — one per state lived in LIFETIME abstract, not the standard three-year. One for every state lived in over the past five years (38 RCNY §5-05(b)(12)).	Chery	
OOS-01	Out-of-state background forms One per jurisdiction lived in over the past five years (38 RCNY §5-03(b), effective 5 Jan 2025).	Chery	CONDITIONAL

2 • GUARD CREDENTIALS AND FIREARMS TRAINING — FROM CHERY

The armed-guard spine. Order matters: the pistol licence must exist, or the §5-09 exemption must be approved, before he can enrol in the 47-hour course.

CODE	WHAT WE COLLECT	WHO SUPPLIES	NOTES
GRD-01	NYS security guard registration card, front and back His existing DCJS registration — the credential the armed upgrade is built on.	Chery	
GRD-02	8-hour pre-assignment training certificate	Chery	
GRD-03	16-hour on-the-job training certificate	Chery	
GRD-04	Current annual 8-hour in-service certificate Must be current. A lapsed registration blocks the armed upgrade outright.	Chery	
PLE-01	Pre-licence exemption statement, instructor-signed An authorised instructor's signed statement supporting the 38 RCNY §5-09 exemption, so he can take the 47-hour course before the licence issues. Filed WITH the application. Only if he holds no pistol licence today.	Instructor	CONDITIONAL
FRM-01	47-hour firearms course certificate 7 hours classroom and Article 35, plus 40 hours range ending in qualification.	Chery	
CSC-01	Child support certification form Required with the Carry Guard application.	Chery	
SCG-01	Home-county pistol licence, front and back Only on the Special Carry Guard branch — if he lives in NY State outside the five boroughs. Special Carry Guard is built on that licence and voids if it lapses.	Chery	CONDITIONAL

3 • THE PEOPLE WE CONTACT FOR HIM

He gives us names and emails only. Each person receives their own private link, completes their document, and has it notarised. We chase them to completion.

CODE	WHAT WE COLLECT	WHO SUPPLIES	NOTES
REF-02	Two people who will vouch for him Two non-family character references. Each gets a private link, writes the letter, and has it notarised. We chase them; he manages none of it.	2 referees	NOTARISED
COH-01	A notarised statement from every adult in his home Each household member 18 or older signs a short affidavit acknowledging a licensed firearm in the home. Private link each.	Household	NOTARISED CONDITIONAL
SAF-01	Safeguard statement, plus photos of the safe How and where the handgun is stored. We prepare the statement; he adds open and closed photos of the safe. The designated safeguard signs their own acknowledgement.	Chery + safeguard	WE DRAFT IT

4 • THE COMPANY PACKET — FROM ISS ACTION

Pamela works these in her own portal. The NYPD requires that a Carry Guard application be made with documentation provided by the company's gun custodian, so this packet is a precondition, not an attachment.

CODE	WHAT WE COLLECT	WHO SUPPLIES	NOTES
SPN-01	Carry Guard company form The sponsoring company's own application form, completed and notarised where required.	Pamela	NOTARISED
SPN-02	Letter of necessity On ISS letterhead: armed duties, business need, anticipated start date, work locations or assignment type, and at least 20 hours per week.	Pamela	
SPN-03	20-hour worksheet Documents the 20+ hours per week and must be consistent with the letter of necessity.	Pamela	
SPN-04	Watch, Guard or Patrol Agency licence Copy of ISS's agency licence showing number and expiry date.	Pamela	
SPN-05	Gun custodian record Designated custodian's name, contact, and NYPD licence number. Captured as structured company data, not a file.	Pamela	
SPN-06	Sponsored position confirmation Job title, assignment site, and hours per week.	Pamela	
SPN-07	Firearm details Company-issued or personal, plus make, model, calibre, serial, and approved storage. Supplied once the assigned firearm is known.	Pamela	CONDITIONAL

Verify, never infer. Agency licence number, expiry and custodian details are taken only from an authorised ISS representative. A wrong custodian number on a notarised company form is a rejected filing.

5 • WHAT WE PREPARE ON HIS BEHALF

These we draft from his answers and our templates. He reviews each one and applies his own signature — the law requires the application be signed and verified by the applicant, so we never sign for him.

CODE	WHAT WE PREPARE	WHO SUPPLIES	NOTES
AFF-01	Affirmation of understanding That he understands NYC's carry rules and where carrying is prohibited. Drafted from his intake — he reviews and applies his signature.	We draft · he signs	WE DRAFT IT
DSC-01	Written explanations for the application's history questions Questions 10–28. Every 'yes' gets its own written explanation on addendum PD 643-041A. Disclosed even where sealed, dismissed, or nullified.	We draft · he signs	WE DRAFT IT
QUE-01	The explanations in his own words We turn his answers into the addendum; the words remain his.	We draft · he signs	WE DRAFT IT
ARR-01	Statement about each arrest or summons Every arrest or summons, including dismissed, sealed or nullified matters (CPL Art. 160), plus a Certificate of Disposition from the court. We also prepare the court request letter.	We draft · he signs	WE DRAFT IT CONDITIONAL
OOP-01	Statement about any order of protection A copy of the order plus his written explanation. Every order, active or expired.	We draft · he signs	WE DRAFT IT CONDITIONAL
DIR-01	Statement about any domestic incident report Disclosed even where no charges followed.	We draft · he signs	WE DRAFT IT CONDITIONAL
MIL-01	DD-214 discharge papers	Chery	CONDITIONAL
NAM-01	Proof of name change Court order, marriage certificate, or divorce decree.	Chery	CONDITIONAL
GMC-01	Certificate of Good Conduct Issued by NYS DOCCS.	Chery	CONDITIONAL

6 · EVERY FIELD ON THE NYPD FORM, AND WHERE ITS VALUE COMES FROM

Documents are only the attachments. The application itself is a 17-page form, and this map traces every field on it back to the answer or document that fills it. Labels are the form's own wording from PD 643-041 and addendum PD 643-041A.

7 • WHAT WE DELIBERATELY DO NOT STORE

Some fields are required by the NYPD but never held by us. He enters them directly into the portal at filing, and our worksheet prints a labelled blank rather than a stored value.

FORM	FIELD	WHY NOT STORED
Q3	Social Security Number	He already knows it. Storing it creates breach exposure for no operational gain.
Q10	The handgun list for this application	Not known until the firearm is assigned. Entered at filing.
Q8	Gun custodian name, title and licence number	Held as ISS company data via SPN-05 and transcribed at filing, not stored on his record.
—	Original Social Security card	Physically presented at his appointment. Nothing to upload.

Four known gaps, listed honestly. Our field map flags four items as not yet captured: the Residence Precinct; the original Certificate of Relief from Disabilities where a felony or serious offence applies; the Letter of Necessity on page 3 of the paper application; and the witnessed Acknowledgement of Person Agreeing to Safeguard Firearms. On this armed-guard track the letter of necessity is now covered by **SPN-02** and the safeguard acknowledgement by **SAF-01**. **We would rather hear from you that these matter than discover it at filing.**

These are the things we are genuinely unsure about — not rhetorical. Answer by number; a one-line reply on any of them is worth more than a long conversation later. The first three are the ones we will not send live links to Chery and Pamela until we have settled.

BEFORE WE GO LIVE

Q1 **Does ISS Action hold an NYPD Carry Business licence, and who is their designated gun custodian?** **BLOCKS GO-LIVE**

The NYPD states a Carry Guard application must be made with documentation provided by the company’s gun custodian. If ISS’s armed work runs entirely through federal contracts, there may be no NYC custodian to file through — and this case cannot start. We have not been able to confirm this from public sources.

Q2 **Is the 38 RCNY §5-09 pre-licence exemption how this is actually sequenced in practice?** **BLOCKS GO-LIVE**

The State says a valid pistol licence is needed to enrol in the 47-hour course; the NYPD’s Carry Guard document list asks for the 47-hour certificate with the application. §5-09 appears to resolve the loop — request the exemption when filing, instructor’s signed statement attached. Does the License Division work it that way, and do the approved schools enrol on an approved exemption?

Q3 **Where does Chery live — and if outside the five boroughs, does he already hold a county pistol licence?** **BLOCKS GO-LIVE**

Five boroughs is Carry Guard. NY State outside NYC is Special Carry Guard, which is built on an existing county licence — without one he must go to his county licensing officer first, which is a different process on its own timeline. Outside NY State entirely, we believe Penal Law §400.00(3) gives the NYPD jurisdiction through his NYC employment, but we do not know the correct category.

SEQUENCING AND REQUIREMENTS

Q4 **Is the 16-hour classroom plus 2-hour live-fire course genuinely not required for Carry Guard?**

The NYPD checklist lists it under Concealed Carry / Special Carry, not Carry Guard, and the 47-hour course is this track’s firearms training. We have removed it. If that is wrong, we are under-collecting.

Q5 **Two character references, not four — correct?**

The base list asks for two; the additional two appear only under Concealed Carry / Special Carry. We seed two.

Q6 **Is the three-year social media list required here?**

Our system treats it as optional following the injunction in Antonyuk v. James, and it is not in the Carry Guard section. We do not require it. Should we still collect it defensively?

Q7 **What exactly is the “20-hour worksheet”?**

It appears on the Carry Guard document list but we have not seen the form itself. Is it an NYPD form, or does the company produce it? Does it need to be notarised?

Q8 **Does the letter of necessity have a prescribed NYPD format?**
The paper application has one on page 3. Should ISS use that page, or a letter on their own letterhead? Anything that must appear verbatim?

Q9 **When is fingerprinting scheduled on this track, and is there a separate DOS print for the armed upgrade?**
We know the NYPD clock effectively starts the day after fingerprinting. We do not know whether the armed-guard registration requires its own set.

Q10 **Does the DOS-1619 armed-status upgrade have to follow the NYPD licence, or can it run in parallel?**
We currently treat it as strictly after, which adds time to the end of the engagement.

DOCUMENTS AND PRACTICE

Q11 **Does the Carry Guard licence name the specific firearm — and what happens when ISS reassigns him?**
We collect make, model, calibre and serial under SPN-07. If the licence is weapon-specific, a reassignment may require an amendment, which changes what we should be telling both of them upfront.

Q12 **Which items truly require notarisation on this track?**
We have the company form as “notarised where required”, plus the references and cohabitant affidavits. Anything else, and is the safeguard acknowledgement witnessed or notarised?

Q13 **How is a Certificate of Disposition obtained for a sealed or nullified matter?**
We ask for one per arrest or summons including sealed matters, and prepare a court request letter. In practice, do courts issue these for sealed records, and is there a better route?

Q14 **Is there an expiry window on the 47-hour certificate or the guard registration for filing purposes?**
We track a six-month clock on the standard training certificate. We do not know whether the 47-hour certificate ages out, or how current the in-service must be at submission.

Q15 **Anything we are collecting that this track does not actually need?**
This is the question we most want answered. Over-collecting costs the applicant time and money and makes us look like we do not know the process. Please mark anything in sections 1–5 you would drop.

OUR ROLE, AND THE LEGAL EDGES

Q16 **Preparing these documents as a non-attorney service — where is the line?**
We draft the affirmation, the safeguard statement, the disclosure addendum and the arrest statements from the applicant’s own answers, and he signs every one. We give no legal advice and we do not file. Is there anything in that set you would not touch without an attorney?

Q17 **Who signs the ISS company form — Pamela, or the gun custodian personally?**
We have modelled Pamela as the representative who works the packet. If the custodian must sign personally, that changes who we need in the portal.

- Q18

The employer will be able to see the applicant’s full file, including his disclosures.

Pamela’s access is scoped to Chery’s case and gated on his explicit written consent naming the categories — arrests, orders of protection, domestic incidents, mental health, SSN — with every document view logged and a revoke control he can use himself. Is that the right arrangement in this industry, or should the employer see status only?
- Q19

How long should we retain sealed arrest records and disclosure material after a decision?

We minimise what we store and never hold the SSN. We do not yet have a retention rule for the sensitive material we do hold.
- Q20

If the application is denied, what is the realistic path for a sponsored guard?

Article 78 is the general route. Is there a practical difference for an employer-sponsored guard, and is the sponsor typically involved?

9 • YOUR REVIEW

One thing to confirm: that an application assembled from everything above would be complete and correct for a sponsored Carry Guard applicant. Anything you would add, remove, or word differently is worth far more to us now than after a filing.
